## Note from the Board of Directors

We have been working non-stop since last fall to prepare for this pool season. This 2018 season threw us a few curve balls, including our wonderful April snow storms!

The pool has a brand-new acid pump that has been installed. This pump will ensure PH levels remain stable. A special thanks to Tony Santino for his guidance and installation. A big thank you goes to Jason Struble, with Sight & Sound, for updating our sound system. This update will make an impact on deck communication and overall enjoyment. Thank you to Myrick's Mowing and Landscaping for mulching and trimming the inside of the property, and also the removal of the dead ash tree and prickly thistle. Also, thank you to Jay Crew for all of the help trimming the larger exterior privacy bushes. We are so thankful for all of our wonderful, local community partners! Last but not least, as you enjoy your summer snacks, please join us in thanking Dan Wolfert for taking this duty on. Dan staffed and stocked our snack shack on short notice after we learned our previous provider wasn't available.

As you can see, we are focused on maintaining our facility, maintaining our current members, and attracting new members. We are giving new birth to our facility with a great programming schedule and fundraising opportunities to utilize our pool to its fullest capacity. By doing so, we hope to bring in additional income, and run this pool as a business, thus keeping pool fees low for our members!

We look forward to seeing you at the pool this season, and look forward to our staff giving you the best customer service possible. Pool safety and great customer service is our top priority this season!

## General Board Meeting

Join us Saturday, August 25th at 11:00 a.m. for the General Member Board Meeting.

This meeting will be held at the pool. If you are interested in joining the board, we are seeking two additional members at this time.
